CARS IN COLLISION.

Accident on the Electric Road Beyond Midway Park.

MOTORMAN LATEER'S THIGH GASHED

Passengers All Escaped Practically Unhurt—How the Accident Happened—An Amusing After-Incident of the Accident.

A head to head collision occurred on the electric road, Tuesday afternoon, just this side of Rock Cut switch, which resulted very luckily, only one person, Samuel Lateer, a motorman, being badly injured and his wound is nothing like as severe as it was at first feared it would prove to be.

Car No. 5 left Goshen at 1:40, with fifteen passengers on board, in charge of Thomas Haley, conductor, and Frank Keenan, motorman. Car No. 15, with thirty-three passengers, Patrick Dougherty, conductor, and Samuel Lateer, motorman, left Midway Park for Goshen at 4:50. The cars were running on the block system, but the signals failed to work or were not properly given, for when the car from Midway reached the top of the hill and rounded what is known to the railroad's employes as Dunlavy's curve, the car from Goshen was seen to be approaching. The cars were about 200 feet apart when they sighted each other. Both motormen reversed their motors and applied their brakes, and though this greatly reduced their speed they could not stop the cars, which butted together with such force as to give the passengers a lively shaking up and to frighten some of them quite badly.

Motorman Keenan jumped from his car when he saw that a collision could not be prevented, but Motorman Lateer remained at his post and the handle of his reversing lever, which was pointed directly toward him, penetrated the inside of his thigh, making an ugly wound. He was brought to this city and Receiver Royce, who had been notified of the accident, had the ambulance in waiting and accompanied him to Thrall Hospital, where his wound was dressed by Drs. Mills, Conner and Schultz. It is a deep gash, but the bone is not bruised and in a week or ten days he will be able to leave the hospital.

Miss Agnes Susabaugh, of 160 North street, who was on the car from Goshen, jumped off and rolled down the bank. Her holiday garb was badly disarranged, but she was not injured in the least.

A young girl named Jackson, whose home is in Goshen, was bruised over the eye, and S. D. Newkirk, a deaf and dumb man from Paterson, had one of his legs slightly bruised. These were the only casualties serious enough to be worth mentioning.

Car No. 15, an open car, had its fender smashed and its front platform somewhat broken. Car No. 5, a closed car, had the glass of its vestibule broken. Both cars finished their trips.

An amusing incident of the accident is told by a well known business man of this city, who was a passenger on the car from Goshen. Among his fellow passengers were three colored women of generous proportions and after the collision was over the most generously proportioned of the women was so "flustrated" that she almost flung herself into the arms of the Middletowner, wildly exclaiming as she grasped him: "Hi! What kin' of hanpenin' is dis?"

GOLF LINKS OPENED.

Formal Opening of the Links of the Orange County Golf Club.

The links of the Orange County Golf Club were formally opened, Tuesday morning, by Hon. Henry Bacon, president of the club.

A large number of the members of the club were present. The club's flag was hoisted by Mrs. Sara S. Horton, of this city, after which Mr. Bacon announced that the links were dedicated to "good cheer, good health and good fellowship," and were officially announced to be open for play. Mr. Bacon then made the opening drive, using a driver decorated with the club colors, which was presented by Royce & Mapes, of this city.

Several games were played during the morning, and in the afternoon many members made the round of the course.

Couldn't Manage Judge Beattie.

It is said in Fishkill that Lindsey Smith, the young man whom Judge Beattie fined $250, last week, for selling obscene books, had been promised that he would be let off with a light fine, $10 or thereabouts, if he came back and pleaded guilty. He did so, but the men who did the promising were unable to manage Judge Beattie and he imposed a punishment which he thought fitted the crime.

Death as a Result of a Practical Joke

Frank Magill, a young machinist and electrician, employed by the Paterson Railway Co., was killed, Monday, by a practical joke played on him at the power house. A copper wire was connected with a heavily charged wire and run into a barrel of soft soap and when Magill dipped his hands into the soap, preparatory to washing up, he received a shock which proved fatal.

Colored Voters' Independent Club.

The meeting of colored citizens held Tuesday evening, at Capt. Joe Johnson's, to organize an independent political club, was well attended. T. J. Warner was elected temporary chairman and Capt. Johnson permanent secretary. There are 111 names on the roll of membership, thus indicating that the club will be an important political factor.

Killed in a Runaway.

Fred Webster, son of George Webster, a well known livery stable keeper of Kingston, was killed in a runaway accident in that city, Monday evening. He was thrown violently on his head and concussion of the brain resulted. He was to have been married, next month, to Grace, daughter of W. Scott Gillespie.

Policeman Roth Under Fire.

When the squad of the 24th Company fired three volleys in Hillside, Tuesday, one of the men did not elevate the muzzle of his piece high enough and the wad passed through the cork helmet of Officer Roth, who stood a few feet away. The policemen will get out of range in future.

THE NATION'S DEAD.

Observance of Memorial Day in This City,

LUTHER R. MARSH'S FINE ADDRESS.

Large Attendance on the Exercises in Hillside Cemetery—Features of the Parade—Exercises at Phillipsburgh and Hamptonburgh.

The exercises of Memorial Day passed just as smoothly, pleasantly and patriotically as any one could desire. With charming weather and delightful air every one entered into full and complete enjoyment of the day. The parade of the G. A. R. and their escort was first. The paraders formed at North and Orchard streets and moved in the following order:

Platoon of Police.
Marshal of the Day, Gen. B. S. Dayton.
Aids, D. H. Keeler, Jr., J. D. Adams, N. J. Sly.
24th Sep. Co. Military Band.
24th Sep. Co. National Guard S. N. Y. Escort.
Capt. Wm. A. Jackson Post, No. 301, Dept. N. Y. G. A. R.
Capt. W. D. Fuller Command, No. 11, Union Veteran Union.
Gen. Lyon Post, No. 266, G. A. R. and Honorary Associate Members.
Wallkill Council, No. 92, Jr. O. U. A. M.
Gen. D. P. DeWitt Fife and Drum Corps.
Public School Children.
Gen. Lyon Woman's Relief Corps, No. 180.
Capt. W. A. Jackson Woman's Relief, No. 131.
Capt. W. D. Fuller Woman's Veteran Relief Union, No. 11.
Mayor and Common Council.
Board of Education.
Speaker and Clergy.

The line of march was short, the paraders passing through North, East Main, Orchard, Depot, James, West Main and Mulberry streets to the beautiful Hillside Cemetery. The veterans, the bands playing dirges, wound in and through the paths to a point on the southern drive, where a firing squad from the 24th Company fired three volleys over the graves of the departed. Then the parade returned to a shady place near the lake, where a platform and seats had been erected.

There was a large crowd of people present when Major E. L. Sproat introduced Rev. Dr. William A. Robinson, who made a fervent prayer.

The programme as published was carried out. The oration by Hon. Luther R. Marsh was a splendid effort on the part of that grand old gentleman, and it was listened to with the closest interest.

Many strolled about the cemetery after the morning's exercises were over, looking at the flag marked resting places in this growing city of the dead.

The afternoon programmes at Hamptonburgh and Philipsburgh were also faithfully carried out before large audiences. At Hamptonburgh the services were held in the church. Cold milk and sandwiches were served the visitors after the exercises.

At Philipsburgh, Rev. David Winters' oration was intensely enjoyed.

Many favorable comments were heard, Tuesday, for the very complete police arrangements during the parade. Capt. Veber took personal care of the school children of whom there were about one hundred and fifty in line.

The 24th Company was greeted with applause during the parade. The company, while not as large as when it went away to fight for its country, made a very fine appearance. The uniforms were neat-fitting and the men were soldierly to a high degree. Capt. McIntyre and Lieut. Wallace were in command.

The 24th band appeared in its new uniforms for the first time and won much favorable comment. The suits are very much after the pattern of those of Cappa's Seventh Regiment band. They fit the members well and no finer appearing band can be imported here.

The DeWitt Fife and Drum Corps gave a fine drill in the presence of several hundred people on Orchard street, after the morning's exercises were over. The men showed great proficiency under the baton directions of Frank Curran. The corps did not wear its new suits.

HORSE BOLTED AND TURNED

Three Persons Injured in a Runaway on Watkins Avenue.

Mrs. David Lord, of Burlingham George Beine, of Watkins avenue, and George, son of William Thompson, were driving on Watkins avenue, Tuesday afternoon, when the horse ran away, after whirling around and throwing the occupants of the wagon out. Mrs. Lord escaped with a bruised arm, while the others received cuts on the head, and the wagon passed over young Thompson's legs.

The horse ran through Prospect street to Wickham avenue and left the wagon near Grove street. He was finally caught on Prince street.

Decorated Dead Comrades' Graves.

The 5th Separate Company, of Newburgh, which has, for several years, decorated the graves of deceased members, this year placed flowers on nine graves. FILIPINOS' CAPTIVES,

Two Officers of the Relief Taken Prisoners.

VAIN EFFORT TO RESCUE THEM.

Their Launch, Becalmed While Scouting Near Insurgent Lines, Surrounded by Filipinos in Canoes—Prisoners Hunked Into Forest.

BY ASSOCIATED PRESS.

MANILA, May 31.—Details regarding the capture by Filipinos of the two officers of the United States hospital ship, Relief, yesterday, have just been obtained.

The Relief lies in the harbor in front of this city. Third Officer Fred Heppy and Assistant Engineer Charles Blanford went scouting along the shore on the south, opposite the insurgent lines, in one of the ship's boats. The boat became becalmed near the shore and some native canoes with Filipinos on board put out and captured the two men.

The United States turret ship Monadnock quickly sent a boat with a landing partly ashore under cover of her guns, which shelled the scene briskly, but the natives rushed their prisoners into the woods before the Monadnock's boat reached a landing.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. OFFICIAL CITY PAPER.

WEDNESDAY, MAY 31, 1899.

Seven hundred and forty-one acts passed by the legislature have been signed by Gov. Roosevelt and are now laws. Last year's record was 675.

Four thousand of the volunteers who have been serving in the Philippines have asked to be mustered out at Manila, and propose to remain on the islands and make a try for fortune there. A nucleus of a strong American colony will thus be formed, and that these men who have seen the islands at their worst have such faith in their possibilities as to cast their lot there promises well for the future of our new possessions.

In some quarters President McKinley's order taking some 5,000 positions in the federal service form under the protection of the civil service and turning them over to the spoilsmen is denounced as "a step backward." It would be if the civil service law was observed in letter or in spirit, but it has been repeatedly, persistently and systematically violated without punishment or rebuke, Democrats whose places were wanted for Republicans being displaced on the flimsiest of pretexts. The President's order merely makes it possible to do in the open what has heretofore been done under cover. It really changes nothing.

The effect of the Spanish-American war on the public mind is reflected in the Memorial Day addresses reported from all parts of the country. The almost universal sentiment expressed is that the unification of the country is now complete, that all bitter memories of the civil war have been blotted out forever and that whatever the mistakes of the Spanish war may have been it has been of distinct national advantage by arousing a new national spirit that glories in our country's strength and greatness. This change in the tone of Memorial Day oratory does not mean any lessening of the country's sense of gratitude toward those who wore the blue in the early sixties. That is one of things that will grow with each succeeding year and it has been deepened by the realizing sense of what war means which has now for the first time come to those of this generation.

Gov. Roosevelt and his friends do not need much wit to see in Senator Platt's praise of the amended franchise tax bill a very open and savage attack on the Governor. Mr. Platt says that the original bill "violated every principle of sound legislation" since "it was carelessly drawn and thoughtlessly enacted," and that such important legislation "should have been looked into by prudent and sensible men in the conservative Republican spirit and not after the manner of yellow journals and popocratic demagogues." Gov. Roosevelt bulldozed a reluctant legislation into passing the original Ford bill and was responsible for all its merits and all its defects. He has arrogated to himself all the glory which he thinks the bill carries with it and to have his pet measure described in the very uncomplimentary terms used by Senator Platt must have seemed to him very much like being slapped in the face. Senator Platt probably intended it that way. He doesn't like to see one of his creatures posing as greater than his creator.

AMBUSHED AND SLAIN

Captain Tilley's Body Found at Escalante.

MEMORIAL SERVICE AT MANILA.

Flags and Flowers Placed Upon Thousands of Soldiers' Graves. English and Spanish Present. Dewey's Homeward Trip.

WASHINGTON, May 31.—The following dispatch, dated Iloilo, May 30, referring to Captain Tilley's death on the island of Negros, has been received at the war department:

"Captain George H. Tilley, United States volunteer signal corps, was killed at Escalante, east coast island of Negros, by insurgents, Saturday, May 27, 11 o'clock a. m.; details not known; buried at Iloilo May 30. VAN VALZAH."

Also one from General Otis of the same date:

"Cable company's vessel placing cable between Iloilo and Cebu ran to Escalante, east coast of Negros, to remove old cable connection. Captain Tilley, signal corps, accompanied, and, with captain of vessel and three men, visited town, natives making friendly demonstrations. While there ambushed; vessel's captain and one man escaped to vessel in launch, Tilley and two men taking to water and not rescued; vessel then reported at Iloilo. General Smith informed, who immediately took 75 men and proceeded to Escalante. He reports this morning that body of Captain Tilley found floating in river; marks of violence on head; body sent to Iloilo; Smith remains at Escalante for the present."

Captain George H. Tilley was well known in New York. For a number of years he represented the Western Union Telegraph company at Brighton Beach, Monmouth Park and other race tracks. At the time of the breaking out of the war he was night manager of the Western Union office at Helena, Mon.

Memorial Day at Manila.

MANILA, May 31.—Memorial services were held in the Paco cemetery at 9 o'clock yesterday morning. A requiem mass, celebrated by Chaplain McKinnon of the First California infantry, and an appropriate sermon by Father McQuaid preceded the decoration of the graves of thousands of soldiers of all religions who are buried beneath the great shade trees in the former Catholic cemetery. Upon the graves were placed flags, white flowers and green leaves. Several Englishmen and Spaniards were present.

A majority of the headstones on the soldiers' graves bear the epitaph, "Killed in action." One stone was inscribed, "Comrades, he helped us to make this American soil." The grave of the Spanish general Montero, who died defending Zamboanga against the insurgents, remained bare and forgotten in an obscure corner of the cemetery.

In the afternoon, on Battery knoll, Chaplain Stoll of the First Montana infantry delivered an invocation, and Chaplains Pierce of the Fourteenth infantry and Gressey of the Thirteenth Minnesota delivered orations. Business was entirely suspended, and the flags on shore and on the warships in the harbor were at half mast.

Aguinaldo is apparently unable to reorganize the insurrection in the Cavite province under the direction of General Trias, who is said to have recently offered to surrender to the Americans if he received the promise of a pardon. The Filipinos under Trias are wholly demoralized and are suffering greatly from scarcity of food.

There have practically been no hostilities for several days. General Lawton has inspected the lines from Caloocan to Pasay.

Admiral Dewey Better.

HONGKONG, May 31.—Since his arrival here on May 23 on board his flagship, the United States cruiser Olympia, Admiral Dewey has improved in health, but he still refuses all invitations of a social nature. The admiral has also relinquished all official duty on board the Olympia.

The date of his departure for home is still uncertain, his intention being to remain here until he has thoroughly recuperated. The air of the high ground here is much cooler than it will be found between Hongkong and the Mediterranean sea.

The programme for the Olympia's voyage to the United States has not been definitely decided upon. It has been determined, however, to make a stop at the Piraeus, from which port Admiral Dewey will go to Athens to pay his respects to King George of Greece.

The Olympia is being painted white instead of the dark slate color which was applied at the breaking out of the late war.

Reformed Church Synod.

TIFFIN, O., May 31.—The synod of the Reformed church has apportioned $6,000 annually to carry on work among Germans in large cities and $1,150 for harbor missions. A resolution to request the United States government to set aside in its new building in New York city for the reception of immigrants a room where religious services may be held was adopted, and a copy of the resolution was ordered forwarded to T. V. Powderly, superintendent of immigration.

Icebergs Encountered.

ST. JOHN'S, N. F., May 31.—The steamers Corean and Ulunda, which arrived here yesterday from Liverpool, as well as other vessels, report immense icebergs drifting across the north Atlantic shipping routes and seriously endangering steamships. The Ulunda narrowly escaped a collision with a berg during the fog Monday night. The ice blockade of the northern portion of Newfoundland continues, and fishing operations are crippled in consequence.

A Head End Collision.

NASHVILLE, May 31.—Nine people were injured, two of them seriously, in a head end collision of local passenger trains on the Louisville and Nashville road 25 miles south of here at 6 o'clock last evening. Both engines and baggage cars were smashed, while Engineers Burns and Shugart received serious internal injuries. Seven passengers were slightly hurt.

Drought In Russia.

ODESSA, May 31.—The winter wheat crop of southern Russia has been completely destroyed by a prolonged drought. The spring wheat crop is also in jeopardy from the same cause. The steamer Moscow has sailed with 3,500 Cossack emigrants for Port Arthur.

Killed on a Hand Car.

MARIETTA, O., May 31.—A hand car with four men on the Baltimore and Ohio Southwestern railway was struck by an extra through freight near Coolville yesterday, instantly killing William Bashell and Otis Dodd. Thomas Flaherty, section foreman, was probably fatally injured. The other man was severely injured.

Betsy Ross Remembered.

PHILADELPHIA, May 31.—Over the grave of Betsy Ross, in whose house the first American flag was made, appropriate memorial services were held, followed by the raising of a large flag by her great-granddaughter, Mrs. Mary Sydney Garrett. An address was made by John Quincy Adams of New York.

A New Railroad Line.

COLUMBUS, O., May 31.—A special from Akron, O., says: "The Erie railroad has practically decided to build a direct line from Cleveland to Marion, O., to connect at the latter point with the Chicago and Erie, giving them an air line between Cleveland and Chicago and Cleveland and Cincinnati.

Noted Bandmaster Dead.

WATERTOWN, N. Y., May 31.—A dispatch to The Standard from Herman, St. Lawrence county, announces the death of Henry M. Lewis of this city, one of the best known bandmasters of the state, aged 54.

THE NATION REMEMBERS.

General Observance of Decoration Day, In Which the President Joins.

WASHINGTON, May 31.—The Memorial day services at the Arlington National cemetery were made especially notable by the presence of the president of the United States and most of the members of his cabinet. The crowd was larger than at any other observance in recent years, owing doubtless to the interest taken in Memorial day exercises on account of the newly made graves of soldiers of the Spanish-American war.

President McKinley left the White House shortly before noon and reached the cemetery at 12:30 o'clock and took a seat in the amphitheater in the vicinity of the Lee residence in the center of the great cemetery. Secretary Alger arrived soon after, and they were joined by other members of the cabinet.

The decking of the thousands of graves with flowers was joined in by veterans of the civil war and of the Spanish war as well, and President McKinley was an interested spectator throughout.

The Day at Buffalo.

BUFFALO, May 31.—Memorial day was very generally observed in Buffalo and the surrounding towns. In this city all schools, public offices and most places of business were closed. The day was an ideal one. In the parade there marched gray haired men who shouldered the musket in the war of the rebellion alongside of the youth who only last summer donned the soldier's blue to battle with a foreign foe. After the parade they, with hundreds of school children, with wagons laden with flowers, visited the different cemeteries, where the graves of the dead of both wars were strewn with flowers.

In Honor of Maine Victims.

NEW YORK, May 31.—Memorial day was observed in several of the cities in the vicinity of New York by the unveiling of monuments and tablets erected in memory of the men of the various localities who lost their lives by the explosion of the battleship Maine or in the recent war with Spain. Jersey City unveiled a $13,000 monument in honor of Hudson county's dead. New Brunswick, Long Branch and Orange also dedicated monuments.

Chicago Has a Big Parade.

CHICAGO, May 31.—Governor Tanner, Mayor Harrison, General Thomas Anderson and other military and executive officials reviewed the longest Memorial day parade that has turned out in this city in years. The weather was perfect, and the city was filled with out of town visitors. A most enthusiastic greeting was given 2,000 soldiers of the Spanish war, a continued ovation marking their progress along the line of march.

Memorial Day In Paris.

PARIS, May 31.—Memorial day was observed by the Americans in Paris, who visited the tomb of Lafayette in the Picpus cemetery and placed wreaths upon it. Ex-President Harrison, Embassador Porter and M. Bartholdi were present at the ceremonies. French and American flags were numerous, and many speeches were made.

Observed Generally In Nebraska.

OMAHA, May 31.—Memorial day was more generally observed throughout Nebraska than ever before. Owing to the strong sentiment against it, there was an almost entire absence of sporting events. At McCook a beautiful soldiers' monument was dedicated.

Blue and Gray Remembered.

NORFOLK, May 31.—The Grand Army posts, white and colored, of Norfolk and Portsmouth observed Memorial day by decorating the graves of the Union dead in the cemeteries. In this city flowers were also deposited on many Confederate graves.

PAYING THE CUBANS.

The Pay Rolls Found to Have Been Badly Padded.

HAVANA, May 31.—Yesterday morning Lieutenant Colonel George M. Randall of the Eighth United States infantry, accompanied by Paymaster Moses, his clerks, a doctor and a military escort, with nearly $200,000, left by special train for Santiago de las Vegas, but owing to various delays the payment did not begin until in the afternoon.

That the rolls are padded badly becomes more and more evident each day, and Colonel Randall says that from what he can learn every man, dead or alive, who ever served in the ranks of the insurgents appears on the lists.

It is generally believed by the officials making the disbursement that the rolls were padded in the expectation that the company commanders would have a personal hand in making payment. One man who was paid yesterday said he was glad the Americans were distributing the funds themselves, as otherwise he would not have received more than $25. The number paid yesterday was 45.

No fewer than 2,000 persons attended the ceremonies at Camp Columbia cemetery. Mrs. Rathbone, with 50 American and Cuban women, decorated the graves, while the band of the Seventh United States cavalry regiment played dirges. General Brooke, Mrs. Brooke, General Humphrey, General Carpenter, the members of the governor general's staff and other officers were present.

Major General Lee, who delivered the oration, alluded to the ceremonies that were being conducted in the United States over the graves of Union and Confederate troops alike and remarked that now, here on foreign soil, the sons of the north and of the south were honored together.

Prominent Tennessean Dead.

KNOXVILLE, Tenn., May 31.—Hon. G. L. Ross, former mayor of this city, dropped dead yesterday of apoplexy. He was vice president of the Mechanics' National bank and president of the Chamber of Commerce.

THEY WANT TO TELL

These Grateful Women Who Have Been Helped by Mrs. Pinkham.

Women who have suffered severely and been relieved of their ills by Mrs Pinkham's advice and medicine are constantly urging publication of their statements for the benefit of other women. Here are two such letters:

Mrs. LIZZIE BEVERLY, 258 Merrimac St., Lowell, Mass., writes:

"It affords me great pleasure to tell all suffering women of the benefit I have received from taking Lydia E. Pinkham's Vegetable Compound. I can hardly find words to express my gratitude for what she has done for me. My trouble was ulceration of the womb. I was under the doctor's care. Upon examination he found fifteen very large ulcers, but he failed to do me good. I took several bottles of Lydia E. Pinkham's Vegetable Compound, also used the Sanative Wash, and am cured. Mrs. Pinkham's medicine saved my life, and I would recommend it to all suffering women."

Mrs. AMOS THOMBLEAY, Ellenburgh Ctr., N. Y., writes:

"I took cold at the time my baby was born, causing me to have milk legs, and was sick in bed for eight weeks. Doctors did me no good. I surely thought I would die. I was also troubled with falling of the womb. I could not eat, had faint spells as often as ten times a day. One day a lady came to see me and told me of the benefit she had derived from taking Lydia E. Pinkham's medicine, and advised me to try it. I did so, and had taken only half a bottle before I was able to sit in a chair. After taking three bottles I could do my own work. I am now in perfect health."

"It was almost a miracle. Burdock Blood Bitters cured me of a terrible breaking out all over the body. I am very grateful." Miss Julia Filbridge, West Cornwell, Conn.

GREAT DAY IN FRANCE

Three Stirring Events Without a Disturbance.

MAJOR MARCHAND AT TOULON.

Enemies of the Republic Hail Him a Hero—Ballot-Beaupre's Summing Up of Dreyfus Case—Attempt to Blacken Loubet's Character.

PARIS, May 31.—Three events took place yesterday, each of which without the other would have sufficed to electrify France. All coming together interest was diffused, and no convulsion thus far is apprehended.

One was the landing of Major Marchand at Toulon. The second was the speech of General Herve and the proceedings generally in the Paris court of assizes, where the Deroulede-Habert trial is going on. The third was the conclusion of Judge Ballot-Beaupre's report on the Dreyfus case, read by him before the court of cassation.

Major Marchand is hailed as a hero by all the enemies of the republic. He is contrasted by them with the foreign minister, M. Delcasse, whose good sense in the Fashoda matter is stigmatized as cowardice. To pay ovations to Marchand is at once a way to let off Anglophobe feeling and to belittle the republic. He was educated by the religious orders and has been patronized by the Catholic missions in Paris, which are only second in importance to the propaganda in Rome. It may be that, being a man of humble birth and uncultured, he will lose his head and let himself be hoisted into General Boulanger's saddle. Yet there is one reason that he will not. Marchand is a silent man. He never asks advice; but, after mature thought, he acts on the notion he has been reflecting upon. He must think himself most fortunate, though, to be ranked so high in the army and the Legion of Honor and to be the recipient of the exploration prize of the academy, 15,000 francs, to say nothing of the awords of honor, the gold medals and the ovations.

M. Ballot-Beaupre's summing up before the court of cassation in favor of Dreyfus has not disturbed the town. It was a foregone conclusion, but as judgment is to be revised and not quashed there will be a new trial before a court martial, with every probability of a fair trial, and it is hard to doubt that the result will be acquittal, there being no proof against Dreyfus.

The main feature of the Deroulede trial is the attempt being made to use it to blacken President Loubet as a "Panamist." Nothing could be more disingenuous. M. Loubet was never implicated in Panama affairs. He, with the cognizance of President Carnot and with his approval, tried to prevent the exposure of 124 Republican deputies in 1892 as "Panamists." He was minister of the interior and able to prevent it.

New York's Big Parade.

NEW YORK, May 31.—Yesterday's parade in Manhattan was the greatest ever seen here on a Memorial day. The Seventy-first regiment received a great ovation, and the Twenty-second and Sixty-ninth were also roundly cheered. The Seventh was hissed. There were also big parades in Brooklyn and the Bronx, the former being reviewed by Governor Roosevelt. In the afternoon nearly 5,000 persons gathered around the tomb of General Grant on Riverside drive at the memorial services held there under the auspices of U. S. Grant post of Brooklyn and listened to a patriotic speech by Governor Roosevelt.

Dangerous Dollars.

SAN FRANCISCO, May 31.—California and the entire coast is being flooded with dangerous counterfeit dollars which have the true ring and correct weight. Only an expert would notice that the figures in dates 1888, 1894, 1898 and 1899 are a trifle narrower than in the genuine, that the wreath around the eagle is broken and the nose of Liberty is not clearly defined. The color is also a trifle off. Secret service agents have vainly tried to locate the counterfeiters. Although the coins are made of genuine metal there is a big profit in the manufacture.

Wife's Sister Too Near.

PHILADELPHIA, May 31.—The question of marriage with a deceased wife's sister was disposed of by declining the request of the Chicago presbytery to refer the question of repealing the present confession of faith on that point to the various presbyteries. As it now stands it reads, "The man may not marry any of his wife's kindred nearer in blood than he may of his own nor the woman of her husband's kindred nearer in blood than of her own."

Nebraska Town Swept by Fire.

CURTIS, Neb., May 31.—Fire destroyed the business portion of Curtis early yesterday morning, and the loss is estimated at $100,000. The fire started in the implement house of P. Johnson & Co. One and a half blocks are in ashes. Over half of the residents had their household goods on the hill west of the town when the excitement was over.

Burning Oil Injures Six.

MARION, Ind., May 31.—The striking of a match by a spectator near an oil well three miles east of Marion last night caused the oil surrounding the well to ignite, and the flames instantly spread, consuming everything for several squares. Six men who were on the tank into which the oil was pouring were terribly burned.

Marshal Campos Honored.

ON THE TIP OF THE TONGUE.

A man with a well-broken colt amused himself and others, Monday night, by leading it into barrooms where it would stand on its hind legs, placing its forelegs on the owner's breast.

The colt's mother which was left outside made a great fuss, just as any mother would have done whose offspring had been lured into a drinking place.

Decoration Day was an ideal day for wheelmen. The heavy rainfall of the night before followed by the warm sun of the morning made hard roads and many tried them. Middletown had lots of visitors, while our own wheelmen went to Warwick, Newburgh, Dingman's and out to Bloomingburgh.

The drivers were all out too. The Bloomingburgh road was a favorite with them and Schubert's and Bennett's, and McCune's at Wurtsboro were popular stopping places. Mrs. Schubert served meals to 101 during the day and the telephone had not ceased ringing the orders at 7:30.

To-day's *New York Journal* contains a picture of Bert Meyer, of this city, who enjoys the distinction of having had a lightning bolt pass through his hat, while he escaped with simply a singed head. It happened in Midway Park, Sunday afternoon.

Meyer did not tell anything about the incident to anyone who was impressed by the story until Monday afternoon, when an examination was made of Meyer's hat and head and the truth of the story was confirmed.

Meyer was walking from Midway Park to Bauer's when he was struck. He was knocked unconscious and lay on the ground nearly an hour before he recovered. J. Frank Tuthill and Abraham M. Kniffin met him walking along half dazed and asked him what was the matter:

"The darned lightning struck me," he replied, and they had a hearty laugh over what they supposed was Meyer's joke.

He came up town, Monday afternoon, and the *Journal* correspondent bought him a new hat and sent the other to the paper.

Two wheelwomen stopped in front of a bank not a hundred miles from North street, this morning, and began "pumping up" the tire. They were very stunning wheelwomen, but the gentleman who furnished the facts for this item states that the most interesting part of this little incident was that all of the employes of the bank from the president down were craning their necks out of a window.

IT MERITS ATTENTION.

A NEW PREPARATION WHICH CURES DYSPEPSIA AND STOMACH TROUBLES.

Remarkable Curative Properties.

A new remedy, which may revolutionize the treatment of stomach troubles, has recently been placed before the public and bears the endorsement of many leading physicians and scientific men.

The remedy is not a wonderful secret discovery, nor a patent medicine, neither is it claimed to cure anything except indigestion and stomach troubles, with which nine-tenths of our nation are afflicted.

The remedy is in the form of pleasant tasting tablets or lozenges containing vegetable and fruit essence, pure aseptic pepsin (free from animal impurities) bismuth and Golden Seal; they are sold by druggists generally under the name of Stuart's Dyspepsia Tablets.

Many interesting experiments made with these tablets show that they possess remarkable digestive power, one grain of the active principle being sufficient to thoroughly digest 3,000 times its own weight of lean meat, eggs, oatmeal or similar wholesome foods; these tablets do not act on the bowels like after-dinner pills, nor in fact do they act upon any organ, but the manner in which they cure all forms of indigestion is this: They act entirely upon the food eaten, digesting it completly, nourishing every tissue and nerve in the body; they simply perform the work of digestion, thus giving the weak stomach rest and assistance sufficient to enable it to recover its normal strength. This is the reason so many pretended cures have signally failed; they do not furnish the digestive power which is the one thing above all others that the stomach of the dyspepsic lacks, and unless that lack is supplied, it is waste of time to attempt to restore the enfeebled stomach by means of "tonics," "stomach bitters" and "pills" no permanent good can result from their use.

If the stomach can be rested and assisted in the work of digestion it will very soon recover; this is the secret and the whole secret of the remarkable success of Stuart's Dyspepsia Tablets, a remedy practically unknown a year ago and the most popular, widely used dyspepsia remedy, every where a success secured almost entirely on its merits, as it has never been extensively advertised.

Stuart's Dyspepsia Tablets are now sold by druggists everywhere at 50cts. per package; if he hasn't them in stock he will order them for you from his wholesale house. They are made by F. A. Stuart Co., chemists, Marshall Mich., who will be pleased to send information and testimonials from every state in the Union.

Grain-O Brings Relief

to the coffee drinker. Coffee drinking is a habit that is universally indulged in and almost as universally injurious. Have you tried Grain-O? It is almost like coffee, but the effects are just the opposite. Coffee upsets the stomach, ruins the digestion, affects the heart and disturbs the whole nervous system. Grain-O tones up the stomach, aids digestion and strengthens the nerves. There is nothing but nourishment in Grain-O. It can't be otherwise. Fifteen and twenty-five cents per package.

To-Night and To-Morrow Night

and each day and night during this week you can get at any druggist's Kemp's Balsam for the Throat and Lungs, acknowledged to be the most successful remedy ever sold for Coughs, Croup, Bronchitis, Asthma and Consumption. Get a bottle to-day and keep it always in the house, so you can check your cold at once. Price 25c. and 50c. Sample bottle free.

THE PEACE CONGRESS

Articles of International Arbitration Agreed To.

RUSSIA'S MEDIATION PROPOSALS.

It Is Thought Desirable That All Mediation, Whether Sought or Offered, Shall Not Be Compulsory, but of a Friendly Nature.

THE HAGUE, May 31.—The Brussels conference section of the international peace congress, after adopting the second reading of articles 23 to 34, which deal with prisoners of war, discussed questions relating to flags of truce, capitulations and armistices as contained in articles 43 to 52 inclusive, upon which an agreement was reached.

The Red Cross section considered the extension of the Geneva convention to naval warfare and adopted slight modifications of the articles relating to material, leaving the other two categories, general and as to personnel, for future consideration.

The Het Vaderland prints the text of the Russian proposals regarding mediation and arbitration.

Part 1 deals with the desirability of seeking a solution of international disputes by the mediation of friendly powers and sets forth that such good offices, whether sought or proffered, shall bear strictly the character of friendly counsel and in no way of compulsory force.

Part 2 deals with international arbitration, which it declares "the most efficacious and equitable means of settling questions regarding the international application of treaties." The contracting powers therefore should undertake to seek arbitration in such cases so far as these affect neither vital interests nor the national honor of the parties in the dispute. Then, after setting forth that each state remains the sole judge of what cases are so to be submitted to arbitration, it is suggested that a large number of cases, such as questions of pecuniary damage and disagreements in the application of treaties or conventions affecting commercial, postal, navigation, currency, sanitary and copyright matters and the like not affecting vital interests or national honor, are those in which arbitration should be obligatory. In all other cases, says the Russian scheme, arbitration, though recommended by the present act, can only be applied on the spontaneous initiative of one of the parties in dispute and with the express consent of the other party.

The closing clause provides as follows: "With a view of facilitating recourse to arbitration the signatory powers agree to formulate a common arrangement for the employment of international arbitration and for the fundamental principles to be observed in drawing up rules of procedure to be followed pending inquiry into the dispute and the pronouncement of the arbitrators' decision. The application of these principles and procedure may be modified in virtue of special arrangements between the states which may have recourse to arbitration."

Part 3 deals with an international commission of inquiry.

Three Proposals Combined.

LONDON, May 31.—The correspondent of The Standard at The Hague says: "An important advance was made today in the direction of a scheme of arbitration combining the Russian, British and American proposals. The representatives of these nations arrived at an agreement which seems to find general acceptance."

The Daily Telegraph's correspondent at The Hague says: "The American scheme deals with the entire question. Not only does it accurately define the type of permanent tribunal, but it also provides satisfactorily for the mechanism of such a court in all its details. The Americans, however, are willing to have the best features of the British, American and Russian proposals amalgamated in a homogeneous whole."

Repairs on the Mercedes.

WASHINGTON, May 31.—The members of the board of naval bureau chiefs who will be called upon to decide as to the nature of the repairs and changes to be made upon the captured Spanish cruiser Reina Mercedes, now at the Norfolk navy yard, are somewhat divided in opinion, and it may be that the cruiser will be tied up at the dock at Norfolk and left there to await the pleasure of congress at the next session. The Reina Mercedes does not represent the latest ideas in naval construction. A conservative estimate places the cost of refitting the Mercedes so as to entitle her to a place on the naval lists at about $250,000, which would be about 25 per cent of her value.

The Speakership Contest.

TOLEDO, May 31.—Congressman J. H. Southard in giving an estimate of the speakership situation denied that Henderson would get a solid delegation from Ohio, although he said he was his personal preference as against Sherman of New York. He believes the fight is between Sherman and Henderson. He understands that Congressman Grosvenor is a candidate for the place.

Extremely rich gold deposits were reported to have been discovered in Lower California.

At St. Thomas, Ont., Robertson, Lindsay & Co.'s department store was burned; loss, $110,000; insurance, $85,000.

Large numbers of bogus dollars, so well done as to defy detection, were reported in circulation in San Francisco.

Gordon Wilson and Willie Floyd, sons of prominent residents of Cobourg, Ont., were drowned by their canoe capsizing.

General Merriam went to San Francisco to report to General Shafter the status of the mining strike at Wardner, Ida.

The country woman is usually healthy and robust. If she isn't it is generally because of her own ignorance or neglect. She is a hard working woman, but her surroundings are healthy, and unless she has some local weakness, she bears her heavy burden without serious inconvenience.

The trouble with too many country women is that they do not sufficiently realize the supreme importance of keeping healthy in a womanly way. A woman's general health cannot be good if she suffers from local weakness and disease. If she suffers in this way, the strongest woman will soon break down and become a weak, sickly, nervous, complaining invalid. Dr. Pierce's Favorite Prescription cures all weakness and disease of the organs distinctly feminine. It acts directly on these organs, making them strong, healthy and vigorous. It cures all weakness, disorders and displacements of the delicate internal organs. It is the greatest of all nerve tonics. It banishes the discomforts of the period of solicitude, and makes baby's advent easy and almost painless. It positively insures the little new-comer's health and an ample supply of nourishment. Thousands of women have testified to its wonderful merits, and many of them have cheerfully permitted their experiences, names, addresses and photographs to be printed in Doctor Pierce's Common Sense Medical Adviser. The "Favorite Prescription" is sold by all good medicine stores, and a paper-covered "Medical Adviser" of 1008 pages is mailed free on receipt of 21 one-cent stamps to cover cost of mailing. Cloth-bound 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

Mrs. Frank Camfield, of East Dickinson, Franklin Co., N. Y., writes: "I deem it my duty to express my deep, heart-felt gratitude to you for having been the means of restoring me to health. My troubles were of the womb—inflammatory and bearing-down sensations."

Don't suffer from constipation. Keep the body clean inside as well as outside. Dr. Pierce's Pleasant Pellets cure constipation and biliousness. They never gripe. All good dealers have them.

"Life Renewer" for Ladies.

Olivia Peterson, of Coldwater, Mich., writes: "I had not been able to sit up half day at a time for thirteen years until I used the Mystic Life Renewer. It has cured me of nervous troubles, headache and a very bad stomach. It has helped me in so many ways, and cured me of afflictions that the doctors said could not be cured. The blessed Life Renewer has done more for me than all the patent medicines, doctors and christian science treatments combined. It is the most wonderful medicine I ever saw."

THE NEW YORK WORLD

THRICE-A-WEEK EDITION.

Practically a Daily at the Price of a Weekly.

The striking and important events of the last year have established the overwhelming value of *The Thrice-a-Week World* to every reader. For an almost nominal sum it has kept its subscribers informed of the progress of all our wars, and, moreover, has reported them as promptly and fully as if it were a daily With our interests still extending throughout the world, with our troops operating in the Philippines, and the great Presidential campaign, too, at hand, its value is further increased.

The motto of *The Thrice-a-Week World* is improvement. It strives each year to be better than it was the year before, and public confidence in it is shown by the fact that it new circulates more than twice as many papers every week as any other newspaper, not a daily, published in America.

We offer this unequaled newspaper and THE MERCURY together one year for $2.

The regular subscription price of the two papers is $2 50.

BIG FIVE CENT SHOW.

The Byron Spaun Company Pleasing Very Large Audiences.

The Byron Spaun big five cent show made a most favorable impression at its initial performances and is receiving a heavy patronage, being packed to the doors each night. Everybody is unanimous in the praise of its brilliantly illuminated and cozy pavilion and the vaudeville programme is far above the average. The Ellets on the flying rings and double trapeze are surpassed by none ever seen here. Byron Spaun, the comedian, never fails to send the audience home in a merry mood. Fred Werner in illustrated songs is a decided hit, as is Mrs. Byron Spaun in negro melodies. The programme is a long and interesting one and is greeted with storms of applause. There will be a change of bill each night this week.

ST. JOSEPH CHURCH NOTES.

—The work of relaying and resetting the stone steps at the church is progressing and the work will be completed in about a month.

—Confessions will be heard, Thursday, at 3 and 7 p. m.

—Friday, at 7 p. m., there will be mass and devotions to the Sacred Heart in the chapel.

The importance of taking a good Spring Medicine is well known—in fact, its necessity is universally admitted. To argue this point is useless—takes up your time and wastes our space. The real question is, what to take? Of course, you want the best. For your blood you want a medicine which cures blood diseases. For your appetite, stomach-weakness, and dyspepsia symptoms you want a medicine containing appetite-giving, stomach-toning, dyspepsia-curing qualities. For that tired feeling, dull headache, miserable, all run down condition, you want a true tonic to bone sinew, nerve and muscle—not a stimulant. Now we can prove, we have proved, we DO prove each and every day in the year, that Hood's Sarsaparilla IS the best; that it is unequalled as a general Spring Medicine; that it meets every requirement above named and more. We prove this by thousands of testimonials—not from people anxious to advertise themselves, but from people in the same walk of life as you. And our testimonials tell of cures, real, bona fide CURES. We believe when you have given it a fair trial you will agree that America's Greatest Medicine and best Spring Medicine is Hood's Sarsaparilla. Prepared by C. I. Hood & Co., Lowell, Mass.

STOLEN GOODS FOUND.

Box of Spectacles Found in the Backyard of a Beattie Avenue Residence.

A son of Mrs. Esther M. Clemson found a box in their backyard on Beattie avenue, Tuesday. He told his mother about it, to-day, and she notified the police, who took it to headquarters. It was found to be filled with spectacle goods from the Winsted Optical Company, Winsted, Conn., and consigned to the Indianapolis Optical and Jewelry Company. An investigation is being made, the police theory being that the goods were stolen from an Erie train.

ERIE SYSTEM'S EXTENSION.

May Build a New Line from Cleveland to Marion.

A special from Akron, Ohio, says: "The Erie Railroad has practically decided to build a direct line from Cleveland to Marion, Ohio, to connect at the latter point with the Chicago and Erie, providing an air line between Cleveland and Chicago and Cleveland and Cincinnati. By constructing the new line the mileage between the points named will be greatly reduced."

FACTS ARE STUBBORN.

If Middletown People are Not Convinced by Local Testimony, They Differ from Other People.

Facts are stubborn;
Some may be disputed,
None can be disproved.
A fact is always hedged about with proof;
Has to stand the test of investigation.
Or it drifts to the realm of doubt.
Investigate closely the following:
The closer the scrutiny the more convincing the results.
A Middletown citizen speaks here;
Speaks from experience and conviction:
Mr. W. H. Sutton, No. 56 North street, who has charge of the upholstering department of the O. & W. R. R., says:—"My health was always good with the exception of kidney complaint which caused me more or less trouble for two and a half or three years. Sometimes the pain in my loins was so bad I could not do anything. Every morning when I tried to get up my back was lame or stiff or sore. I did not know what caused it, but I do know when I caught cold it was always worse. I tried, among other things, Doan's Kidney Pills, getting them at J. E. Mills' drug store. In a very short time all traces of of my complaint disappeared, and I have not been troubled since. I think Doan's Kidney Pills a wonder."

Doan's Kidney Pills are for sale by all dealers; price 50 cents per box, or sent by mail on receipt of price. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name, Doan's, and take no other.
